NIH-Supported Research in Maryland (2007-2010)*

* FY09 and FY 10 funding levels do not reflect funds provide in P.L. 111-5, The American Recovery and Reinvestment Act of 2009.

Institutions Receiving NIH Funds: Johns Hopkins Medical Center, University of Maryland, Gynecologic Oncology Group, the U.S. National Naval Medical Center, and many, many more.

Impact on Maryland Economy

On average, in fiscal year 2007, each dollar of NIH funding generated more than twice as much in state economic output. That is, an overall investment of \$22.8 billion from NIH generated a total of \$50.5 billion in new state business activity in the form of increased output of goods and services.

- Business activity generated per dollar of NIH funding in Maryland was **\$2.09**.
- Total new business activity as a result of NIH funding was **\$3.3 billion**.
- NIH grants and contracts created and supported more than **21,299** jobs that generated wages in excess of **\$1.15 billion** in Maryland. The average wage associated with the jobs created was **\$53,984**.

The Association of American Medical Colleges reports that the member medical schools and teaching hospitals in the state had a combined economic impact of \$11.5 billion and a total employment impact of 77,900 in 2005.
