AACI HEADLINES

[New Director Appointed for Perlmutter Cancer Center](#)

Anirban Maitra, MD, a physician–scientist whose work has widely influenced the field of pancreatic cancer research, has been appointed as the new director of the Laura and Isaac Perlmutter Cancer Center, an NCI-Designated Comprehensive Cancer Center. Before joining NYU Langone, Dr. Maitra served as the inaugural scientific director of the Pancreatic Cancer Research Center at the University of Texas MD Anderson Cancer Center in Houston. [AACI 2025 Report: Common Goals, Collective Action](#)

This past year posed unprecedented challenges for AACI and its members. Throughout 2025, the cancer center community demonstrated strength and resilience amid uncertainty and upheaval. AACI's 2025 report highlights how collective action is helping cancer centers achieve their common goals. [Read the 2025 Report](#)

[Posit PBC to Host Workshop at 2026 AACI CADEx Conference](#)

2026 AACI CADEx Conference Champion Supporter **Posit PBC** will host "AI, R & Shiny for Catchment Area Cancer Surveillance" on **Tuesday, March 10**, during the CADEx conference. This two-hour workshop will teach attendees a 100 percent open-source workflow for building interactive, geospatial apps for cancer surveillance. Facilitators are Posit PBC Life Sciences and Healthcare Industry Director **Phil Bowsher** and Director of Learning **Garrett Grolemond**. [Read More](#) | [Register for the 2026 AACI CADEx Conference](#)

[Abstract Winners Announced for 2026 AACI CADEx Conference](#)

The AACI Catchment Area Data Excellence (CADEx) Conference Planning Committee has selected three abstracts from 48 submissions for formal presentation at the **2026 AACI Catchment Area Data Excellence (CADEx) Conference, March 9-11**, in Atlanta. Winning abstract authors represent Moffitt Cancer Center; The University of Kansas Cancer Center; and Herbert Irving Comprehensive Cancer Center, Columbia University Irving Medical Center. [Read More](#) | [Register for the 2026 AACI CADEx Conference](#)

[Two-Part REDCap Workshop Series: Virtual and In-Person Sessions](#)

AACI will host a two-part REDCap workshop series designed to support cancer center professionals at different stages of REDCap use. This series, facilitated by **Todd Burus, PhD**, and **Namoonga Mantina, PhD**, begins with a virtual introductory session and continues with an in-person, advanced workshop at the **2026 AACI Catchment Area Data Excellence (CADEx) Conference** in Atlanta. [Read More](#)

[AACI and Medlive Advance Education on CAR T-Cell Therapy Through Video-Based Learning](#)

AACI is collaborating with Medlive, a leader in expert-guided digital medical education, on a series of educational video initiatives focused on CAR T-cell therapy. This partnership supports AACI's mission to provide cancer center leaders and care teams with timely, evidence-based education on emerging therapies and evolving models of care in hematologic malignancies. Through this collaboration, AACI and Medlive have launched three active video-based projects exploring the transformative impact of CAR T-cell therapy. [Read More](#)

[AACI Award Nominations Due February 23](#)

AACI members are invited to submit nominations for the 2026 **Cancer Health Equity**, **Champion for Cures**, and **Distinguished Scientist** awards. Any faculty and staff at AACI member institutions are eligible to submit nominations for all three awards; recipients will be selected from the slate of nominees by AACI's Board of Directors. The awards will be presented during the **2026 AACI/CCAF Annual Meeting, October 25-27**, in Chicago. [Read More](#) | [Complete the Awards Survey](#)

AACI Welcomes New Corporate Roundtable, Tech Gold Members

AACI is pleased to announce that **Gilead** and **Novartis** have joined its **Corporate Roundtable** and **Medidata** and **Paradigm Health** have become **Tech Gold** members in 2026. By building important relationships with AACI cancer centers, Corporate Roundtable and Tech Gold members have the potential to accelerate progress against cancer, benefiting patients and their families.
