Education and Operations Subcommittee: Standard Training Checklist Template

Onboarding:	Suggested Timeline:	Provide requirements for observations (OBS), acknowledgement (AK), or return demonstrations (RD). Use Non-applicable (N/A) if needed.
Employee Badge	1-week before	AK
	start	21/2
Parking	1-week before	N/A
	start	
Benefits enrollment	1-week before	AK
	start	
Orientation (HR, employee health, IT)	Day one	AK
Staff Respectful Workplace	Day one	AK
Tour of Facilities	Day one	N/A
Meet with team members	Day one	AK
The review process for clocking in/out and	Day one	AK
submitting Paid Time Off (PTO) requests		
Receive departmental contact lists	Day one	AK
W4 and Direct deposit forms	Day one	AK
Staff Handbook acknowledgment	Day one	AK
Door Access/Codes	Day one	AK
Added staff to all mandatory meeting	First week	N/A
invitations		
Added to share drives, Microsoft Teams,	First Week	N/A
Intranet Access		
Review of frequently used websites and	First Week	N/A
resources		
Telephone/Voicemail setup	First week	N/A
Standard Operating Procedures	1-2 weeks	AK
Corrective/preventative Action Plans	First month	AK

Mandatory Training	Suggested Timeline	Provide requirements for observations (OBS), acknowledgment (AK), or return demonstrations (RD. Use Non-applicable (N/A) if needed.
COVID-19 Hygiene Best Practices	1-2 weeks	
Bloodborne Pathogens Training	1-2 weeks	AK
Fire/Life Safety	1-2 weeks	
How to report information to regulatory authorities	1-2 weeks	
HIPAA/Protecting Patient Privacy	1-2 weeks	
Biosafety standards	1-2 weeks	
Harassment Prevention for non-	1-2 weeks	
Supervisors		
Chemical Safety	1-2 weeks	
Hazardous Communications	1-2 weeks	
Hazardous Drugs Spill Clean Up	1-2 weeks	
Safety Documentation and Reporting	1-2 weeks	
Diversity and Inclusion	1-2 weeks	
Emergency preparedness	1-2 weeks	
HIPAA Privacy for Researchers	1-month	

Basic medical terminology	1-month
training/Common research terminology	1-11011111
Acronym List	1-month
State and Country Specific Regulations	1-month
Shipping Biological Materials	1-month
Good Documentation Practices	1-month
	1-month
Adverse Events: Identify, Document,	1-month
Report	1 month
Introduction to Informed Consent	1-month
The Informed Consent Process	1-month
Informed Consent, remote or eConsent	1-month
Health System Violence Awareness	1-month
Training and Armed and Dangerous	
Training	
Food and Drug Administration (FDA)	1-month
Regulations and Guidance	
How to Read a Research Protocol	1-month
Unconscious Bias	1-month
Training	
Shipping Training	1-3 months
Study Financial Management	1-3 months
Research Budgeting	1-3 months
Coverage Analysis	1-3 months
IRB eProtocol Training	1-3 months
General and Institutional Review Board	1-3 months
(IRB) Reporting Requirements	
Ethics and Clinical Research	1-3 months
Cancer Education 101	1-3 months
Cheson/Lugano, IMWG, iwCLL, RANO etc.	
as applicable	
RECIST Response Evaluation Criteria in	1-3 months
Solid Tumors (RECIST)	
Clinical Research 101	1-3 months
The Revised Common Rule for Human	1-3 months
Subjects' Protections	
Responsible Research Conduct	1-3 months
General Research Safety Training	1-3 months
Privacy for Research	1-3 months
Conflict of Interest (COI)	1-3 months
Environment of Care (Setting of Care)	1-3 months
Infection Control for Non-clinical Staff	1-3 months
Time-out Training Module	1-3 months
Tuberculosis (TB) Training	1-3 months
21 st Century Cures Act	1-3 months
Compliance Annual Update	1-3 months
Prepare For an External Audit	1-3 months
Biospecimens 101	1-3 months
Regulatory Binder 101	1-3 months
Working with sponsors and Site Monitors	1-3 months
Understanding Protocol Deviations and	1-3 months
Waivers	
Intro to Root Cause Analysis	1-3 months

Cancer Statics Training - Surveillance,	1-3 months
Epidemiology, and End Results Program	
(SEER)	
Source documentation examples and	1-3 months
review process	
FDA Investigational New Drug Applications	1-3 months
(IND) vs. IND- Exempt Trials and	
Sponsor-Investigator Responsibilities	
Phase 1 Trial Design	1-3 months
Clinical Research Inspections and Audits	1-3 months
FDA Inspection Process	1-3 months
Human Subjects Research Recordkeeping	1-3 months
and Record Retention	
Basic Life Support Training	1-3 months
Phlebotomy Training	1-3 months
EKG & Vital Sign Training	1-3 months
Patient Payment or Reimbursement	1-3 months
Understanding Delegation of Authority	1-3 months
Logs	
Form FDA 1572	1-3 months

Computer Systems	Suggested Timeline:	Provide requirements for observations (OBS), acknowledgement (AK), or return demonstrations (RD. Use Non-applicable (N/A) if needed.
Collaborative Institutional Training	1-3 months	
Initiative (CITI) Human Subjects Research		
Protection		
CITI Good Clinical Practice (GCP)	1-3 months	
CITI modules (Biomedical research with	1-3 months	
(GCP) - basic/refresher, vulnerable		
subjects- research involving		
children/prisoners/pregnant women,		
fetuses, and neonates)		
National Cancer Institute (NCI) Cancer	1-3 months	
Therapy Evaluation Program (CTEP)		
Registration NIH/NCI RCR website		
Clinical and Translational Science Institute	1-3 months	
(CTSI) Training Modules via Healthstream		
International Air Transport Association	1-3 months	
(IATA) Training for shipping hazardous and		
biological samples via Air transport via		
Healthstream or CITI		
Clinical Trial Management Application	1-3 months	
Training for clinical research coordinators,		
e.g., OnCore, RedCap, Velos, or		
homegrown systems, etc.		
(Account setup and navigation)		
Sharepoint Site Access	1-3 months	
Web based integrated laboratory systems (iLab)	1-3 months	
Portal Access: VPN and RSA Token-via Service Portal	1-3 months	

RedCap Introductory videos and In-person	1-3 months	
training		
NCI Registration and Credential Repository	1-3 months	
(RCR)		
NCI Clinical Trial Reporting Program	1-3 months	
Health System Electronic Patient Record	1-3 months	
(EPR)/ Electronic Medical Record (EMR)		
Trainings, e.g., EPIC, O2, etc.		
Virtual Clinical Research Visits	1-3 months	
Oncology Patient Information System	1-3 months	
(OPIS)		
Coordinated Approval Process for Clinical	1-3 months	
Research (CAPCR) System Overview		
Ontario Cancer Research Ethics	1-3 months	
Board (OCREB) (OCREB) Clinical Trials		
Office (CTO) Stream		
Cancer staging online application	1-3 months	
eRegulatory Platform Training, e.g.,	1-3 months	
Complion, Florence, Velos, OnCore, home		
grown systems)		
DocuSign	1-3 months	
Shared Investigator Platform (SIP)	1-3 months	
O2 (an electronic medical record for	1-3 months	
patients)		
Helix	1-3 months	

Lists of "Firsts"

As a new employee, it is essential that there be a mentorship bridge between what you have been taught in training and the first time you do some critical tasks in your position. Tasks depending on roles:

All Roles	Suggested Timeline:	Provide requirements for observations (OBS), acknowledgement (AK), or return demonstrations (RD). Use Non-applicable (N/A) if needed.
Meet with Clinical Research Manager	Week 1	
Electronic medical record (EMR)	Week 2	
navigation		
Meet with other teams (regulatory,	Weeks 2-4	
research coordinator, data, finance, etc.)		
Shadow team member to see routines and	Weeks 2-8	
workflow		
Understanding individual department	Weeks 2-8	
meetings/workflows		
Deviations	Month 1-3	
Serious Adverse Event (SAE) reporting and	Month 1-3	
follow-up		
Complete institutional forms/processes	Month 1-3	
Sign Delegation of Authority logs	Month 1-3	
ALCOA documentation practices	Month 1-3	
Review cancer care documents	Month 1-3	
cancer.org/NCCN guidelines		

Clinical Research Coordinator	Suggested Timeline:	Provide requirements for observations (OBS), acknowledgement (AK), or return demonstrations (RD). Use Non-applicable (N/A) if needed.
Identifying recruitment screening eligibility consenting	Month 1-3	
Treat a patient (vital signs, study tests, etc.)	Month 1-3	
Study visits essentials (Place orders for study specific tests in EMR, Create visit note, Schedule patient, Patient Reimbursement, etc.)	Month 1-3	
Review on-study/off-study source documentation	Month 1-3	
Reviewing AEs	Month 1-3	
Annual continuing review at the IRB (answering questions from regulatory)	Month 1-3	
Specimen processing request	Month 1-3	
Treatment plan approval	Month 1-3	
Review of a billing grid	Month 1-3	
Set up Site Initiation Visit	Month 1-3	
Monitor visit PI meeting	Month 1-3	

Research Data Coordinator	Suggested Timeline:	Provide requirements for observations (OBS), acknowledgement (AK), or return demonstrations (RD). Use Non-applicable (N/A) if needed.
Medical history review/CON medication review	Month 1-3	

Medical terminology review	Month 1-3	
Meet monitors/sponsor contacts (for	Month 1-3	
industry trial/IIT)		
Monitor visits	Month 1-3	
Review protocol and identify EDC needs	Month 1-3	
Archival pathology request	Month 1-3	
Redact and upload scan images	Month 1-3	
Source documentation – EMR & paper	Month 1-3	
Abstract data from source documents	Month 1-3	

Regulatory	Suggested Timeline:	Provide requirements for observations (OBS), acknowledgement (AK), or return demonstrations (RD). Use Non-applicable (N/A) if needed.
Review IRB approval notifications	Month 1-3	
Amendment notifications	Month 1-3	
Continuing IRB review (inquiries,	Month 1-3	
clarifications, etc.)		
Study termination	Month 1-3	
Notes to file	Month 1-3	
Delegation log is updated and complete	Month 1-3	
Regulatory binder is accurate	Month 1-3	
Protocol training/GCP certifications/credentialing	Month 1-3	
Archiving	Month 1-3	
Audit and monitoring overview	Month 2-4	
Informed consent creation	Month 2-4	

Financial Management	Suggested Timeline:	Provide requirements for observations (OBS), acknowledgement (AK), or return demonstrations (RD). Use Non-applicable (N/A) if needed.
Review budget/budget templates	Month 1-3	
Develop budget to cover all study-related costs	Month 1-3	
Meet sponsor contacts for negotiating fees	Month 1-3	
Review therapeutic intent	Month 1-3	
Perform accurate analysis to check qualification	Month 1-3	
Identify services/items paid to insurance/MCA	Month 1-3	
Learn difference from current accounts to aged accounts	Month 1-3	
Review deposits/payments/invoice status	Month 1-3	
Generate expense report	Month 1-3	
Study startup	Month 1-3	
Processing amendments or modifications that affect budget/contract	Month 1-3	
Submit IITs to clinicaltrials.gov & ctrp.gov	Month 1-3
