

Dear [Staffer's First Name],

Thank you for meeting with me during the AACR/AACI Joint Hill Day on May 18th. As we discussed, robust funding for medical research is of vital importance to me because [insert personal reasons for advocacy].

To build on the progress being made against cancer, I encourage [Representative/Senator Last Name] to:

- Prioritize funding for medical research by providing \$50.924 billion, an increase of \$3.465 billion, for the NIH in FY2024.
- Provide at least \$9.988 billion, an increase of \$2.6 billion, for the NCI to support additional cancer research grants, as requested in the NCI Director's Professional Judgment Budget.

Again, thank you for meeting with me to discuss funding for medical research, and please thank the [Representative/Senator] for [his/her] support.

Best Regards,
[Participant's Name]
