MINNESOTA MEMBER SPOTLIGHT

The Masonic Cancer Center, University of Minnesota

The **Masonic Cancer Center** has been designated comprehensive and “Outstanding” by the National Cancer Institute (NCI). For more than 25 years, the cancer center’s researchers, educators, and care providers have worked to discover the causes, prevention, detection, and treatment of cancer and cancer-related diseases.

Mayo Clinic Comprehensive Cancer Center

Mayo Clinic Comprehensive Cancer Center was one of the first cancer centers to receive the NCI designation in 1973. Mayo Clinic’s culture of collaboration and teamwork speeds the transformation of laboratory discoveries into lifesaving treatments. Because of this research, more than 120,000 cancer patients come to Mayo Clinic Cancer Center each year seeking medical answers.
