

NEW YORK

Estimated 2022 Population¹: 19,677,151

IMPACT

Economic Impact of Research²

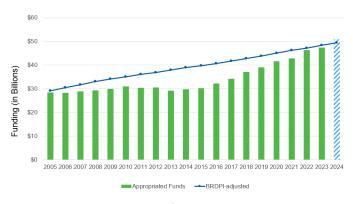

- United for Medical Research reports that in Fiscal Year 2022, NIH funded awards totaling \$3.436
 billion in New York, supporting 42,843 jobs and \$8.525 billion in economic activity.
- In FY 2022, the biopharmaceutical industry in New York supported 109,452 jobs and 5,278 businesses.

Impact of Cancer in New York³

- In 2023, an estimated 1,958,310 new cancer cases will be diagnosed in the United States. Of these cases, 123,810 will reside in New York.
- In 2023, an estimated 609,820 Americans will lose their lives to cancer, including 31,320 residents of New York.

NIH FUNDING

A Strong National Priority⁴

Funding for NIH has increased by \$17 billion, or nearly 58 percent, from FY 2015 to FY 2023. Due to this strong support, NIH is able to support more groundbreaking science – but we can't afford to stop now.

We are advocating for \$50.924 billion in FY 2024 appropriations for the NIH.

The Biomedical Research and Development Price Index (BRDPI) measures inflation in the cost of biomedical research. The BRDPI line in the chart above shows the level of NIH funding by year had it kept up with this measure.

NEW YORK MEMBER CENTERS

Cold Spring Harbor Laboratory Cancer Center

Herbert Irving Comprehensive Cancer Center Columbia University Irving Medical Center

Laura and Isaac Perlmutter Cancer Center at NYU Langone

Memorial Sloan Kettering Cancer Center

Montefiore Einstein Cancer Center

Northwell Health Cancer Institute
