

CANCER RESEARCH IS SAVING LIVES

OREGON

Estimated 2021 Population¹: 4,246,155

IMPACT

Economic Impact of Research²

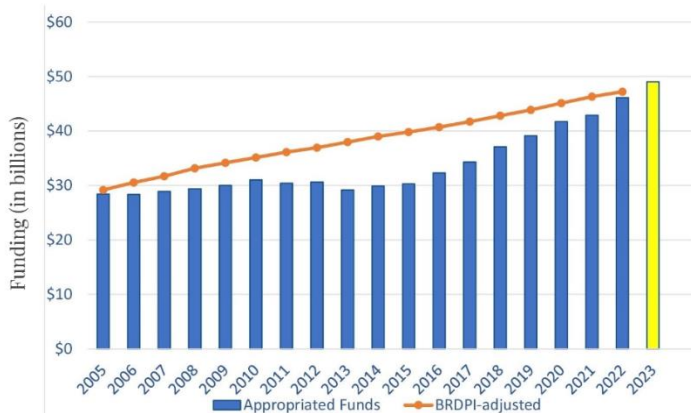

- United for Medical Research reports that in Fiscal Year 2021, NIH funded awards totaling **\$399.5 million** in Oregon, supporting **6,698** jobs and **\$986 million** in economic activity.
- In FY 2021, the biopharmaceutical industry in Oregon supported **14,943** jobs and **1,333** businesses.

Impact of Cancer in Oregon³

- In 2022, an estimated 1,918,030 new cancer cases will be diagnosed in the United States. Of these cases, **25,130** will reside in Oregon.
- In 2022, an estimated 609,360 Americans will lose their lives to cancer, including **8,460** residents of Oregon.

NIH FUNDING

A Strong National Priority⁴

Congress has increased the NIH budget by \$14.9 billion—more than 49 percent—over the last seven fiscal years. We are advocating for an increase of \$4.1 billion for the NIH in FY 2023.

The Biomedical Research and Development Price Index (BRDPI) measures inflation in the cost of biomedical research. The BRDPI line in the chart above shows the level of NIH funding by year had it kept up with this measure.

MEMBER SPOTLIGHT

OHSU Knight Cancer Institute

A pioneer in personalized cancer medicine, the NCI-designated **OHSU Knight Cancer Institute** is an international leader in research and cancer treatment. The institute builds upon its expertise in targeted treatments to advance the early detection and treatment of cancer. Its experts conduct research in all areas of cancer care, including new treatments for leukemia, prostate, and colorectal cancer.
