

CANCER RESEARCH IS SAVING LIVES

VERMONT

Estimated 2024 Population¹: 648,493

IMPACT

Economic Impact of Research²

- United for Medical Research reports that in Fiscal Year 2024, NIH funded awards totaling **\$55 million** in Vermont, supporting **540 jobs** and **\$125 million** in economic activity.
- In FY 2024, the biopharmaceutical industry in Vermont supported **2,828 jobs** and **441 businesses**.

Impact of Cancer in Vermont³

- In 2025, over 2 million new cancer cases will be diagnosed in the United States. Of these cases, **4,670** will reside in Vermont.
- In 2025, an estimated 618,000 Americans will lose their lives to cancer, including **1,500** residents of Vermont.

NIH FUNDING

A Strong National Priority⁴

We are advocating for an increase of \$4.5 billion for the NIH in FY 2026.

The Biomedical Research and Development Price Index (BRDPI) measures inflation in the cost of biomedical research. The BRDPI line in the chart above shows the level of NIH funding by year had it kept up with this measure.

VERMONT MEMBER SPOTLIGHT

The University of Vermont Cancer Center

The University of Vermont Cancer Center is Vermont's only not-for-profit comprehensive clinical and research cancer center. Founded in 1974, the organization spans across The University of Vermont (UVM) and The University of Vermont Medical Center. As national leaders in cancer research, UVM Cancer Center researchers and clinicians are dedicated to improving the lives of cancer patients in Vermont, northeastern New York, and across New England through research, clinical care, community outreach, and education.
