

CANCER RESEARCH IS SAVING LIVES

FLORIDA

Estimated 2022 Population¹: 22,244,823

IMPACT

Economic Impact of Research²

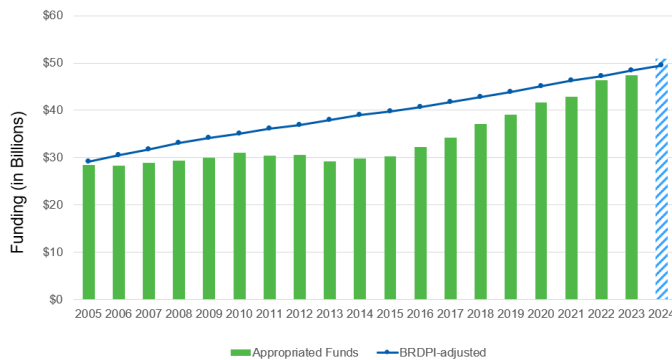

- United for Medical Research reports that in Fiscal Year 2022, NIH funded awards totaling **\$839.6 million** in Florida, supporting **19,262** jobs and **\$2.69 billion** in economic activity.
- In FY 2022, the biopharmaceutical industry in Florida supported **102,448** jobs and **8,449** businesses.

Impact of Cancer in Florida³

- In 2023, an estimated 1,958,310 new cancer cases will be diagnosed in the United States. Of these cases, **162,410** will reside in Florida.
- In 2023, an estimated 609,820 Americans will lose their lives to cancer, including **47,410** residents of Florida.

NIH FUNDING

A Strong National Priority⁴

Funding for NIH has increased by \$17 billion, or nearly 58 percent, from FY 2015 to FY 2023. Due to this strong support, NIH is able to support more groundbreaking science – but we can't afford to stop now.

We are advocating for \$50.924 billion in FY 2024 appropriations for the NIH.

The Biomedical Research and Development Price Index (BRDPI) measures inflation in the cost of biomedical research. The BRDPI line in the chart above shows the level of NIH funding by year had it kept up with this measure.
