

CANCER RESEARCH IS SAVING LIVES

IOWA

Estimated 2022 Population¹: 3,200,517

IMPACT

Economic Impact of Research²

- United for Medical Research reports that in Fiscal Year 2022, NIH funded awards totaling **\$211.2 million** in Iowa, supporting **3,559 jobs** and **\$520 million** in economic activity.
- In FY 2022, the biopharmaceutical industry in Iowa supported **18,452 jobs** and **1,669 businesses**.

Impact of Cancer in Iowa³

- In 2023, an estimated 1,958,310 new cancer cases will be diagnosed in the United States. Of these cases, **20,460** will reside in Iowa.
- In 2023, an estimated 609,820 Americans will lose their lives to cancer, including **6,310** residents of Iowa.

NIH FUNDING

A Strong National Priority⁴

Funding for NIH has increased by \$17 billion, or nearly 58 percent, from FY 2015 to FY 2023. Due to this strong support, NIH is able to support more groundbreaking science – but we can't afford to stop now.

We are advocating for \$50.924 billion in FY 2024 appropriations for the NIH.

The Biomedical Research and Development Price Index (BRDPI) measures inflation in the cost of biomedical research. The BRDPI line in the chart above shows the level of NIH funding by year had it kept up with this measure.

MEMBER SPOTLIGHT

Holden Comprehensive Cancer Center University of Iowa

Holden Comprehensive Cancer Center is an NCI-Designated Comprehensive Cancer Center. Over 1,000 staff and cancer center members, including faculty from more than 40 academic departments, collaborate to drive Holden's research, education, and patient care missions. At any given time, Holden participates in more than 300 active clinical trials.
