

# CANCER RESEARCH IS SAVING LIVES

## MICHIGAN

Estimated 2022 Population<sup>1</sup>: 10,034,113

### IMPACT

#### Economic Impact of Research<sup>2</sup>

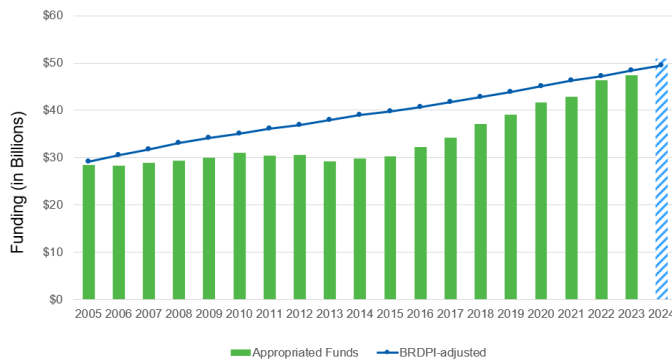

- United for Medical Research reports that in Fiscal Year 2022, NIH funded awards totaling **\$925.2 million** in Michigan, supporting **15,003 jobs** and **\$2.41 billion** in economic activity.
- In FY 2022, the biopharmaceutical industry in Michigan supported **43,741 jobs** and **2,379 businesses**.

#### Impact of Cancer in Michigan<sup>3</sup>

- In 2023, an estimated 1,958,310 new cancer cases will be diagnosed in the United States. Of these cases, **61,910** will reside in Michigan.
- In 2023, an estimated 609,820 Americans will lose their lives to cancer, including **21,380** residents of Michigan.

### NIH FUNDING

#### A Strong National Priority<sup>4</sup>

Funding for NIH has increased by \$17 billion, or nearly 58 percent, from FY 2015 to FY 2023. Due to this strong support, NIH is able to support more groundbreaking science – but we can't afford to stop now.

We are advocating for \$50.924 billion in FY 2024 appropriations for the NIH.

The Biomedical Research and Development Price Index (BRDPI) measures inflation in the cost of biomedical research. The BRDPI line in the chart above shows the level of NIH funding by year had it kept up with this measure.

### MICHIGAN MEMBER CENTERS

#### Karmanos Cancer Institute Wayne State University

**Karmanos Cancer Institute**, headquartered in Detroit, is the largest cancer research and provider network in Michigan. Caring for approximately 12,000 new patients annually and conducting more than 800 cancer-specific scientific investigation programs and clinical trials, Karmanos gives patients access to 250-plus promising new treatments.

#### University of Michigan Rogel Cancer Center

The **University of Michigan Rogel Cancer Center** is committed to improving the health and well-being of people who have—or are at risk of getting—cancer. As a National Cancer Institute-Designated Comprehensive Cancer Center, its 500-plus members work to prevent cancer, and improve outcomes and quality of life for patients with cancer and survivors.
