

CANCER RESEARCH IS SAVING LIVES

MISSOURI

Estimated 2023 Population¹: 6,196,156

IMPACT

Economic Impact of Research²

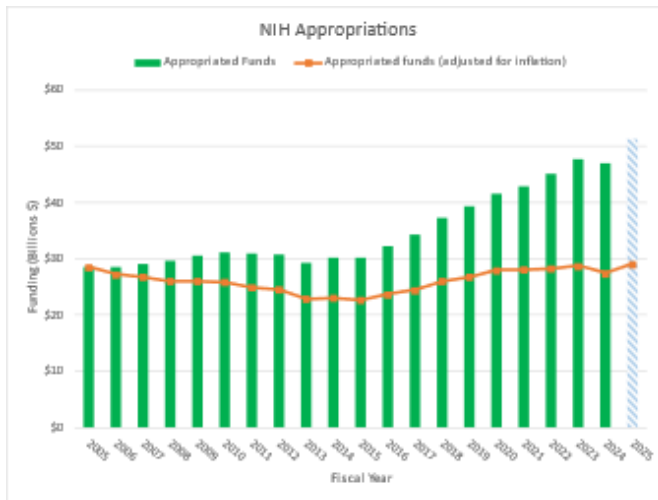

- United for Medical Research reports that in Fiscal Year 2023, NIH funded awards totaling **\$808 million** in Missouri, supporting **8,499** jobs and **\$1.89 billion** in economic activity.
- In FY 2023, the biopharmaceutical industry in Missouri supported **32,635** jobs and **2,588** businesses.

Impact of Cancer in Missouri³

- In 2024, over 2 million new cancer cases will be diagnosed in the United States. Of these cases, **39,120** will reside in Missouri.
- In 2024, an estimated 611,720 Americans will lose their lives to cancer, including **13,170** residents of Missouri.

NIH FUNDING

A Strong National Priority⁴

We are advocating for an increase of \$4.22 billion for the NIH in FY 2025.

The Biomedical Research and Development Price Index (BRDPI) measures inflation in the cost of biomedical research. The BRDPI line in the chart above shows the level of NIH funding by year had it kept up with this measure.

MISSOURI MEMBER SPOTLIGHT

Siteman Cancer Center

Siteman Cancer Center, ranked among the top cancer treatment centers by U.S. News & World Report, also is one of only a few to receive the National Cancer Institute's highest rating – "exceptional." Comprising the cancer research, prevention, and treatment programs of Barnes-Jewish Hospital and Washington University School of Medicine in St. Louis, Siteman treats 70,000 people every year, including 12,000 newly diagnosed cancer patients, also making it one of the nation's largest cancer centers.
